

I applaud the commissioner's stand on the MTV performance at the Super Bowl. I believe that it is time to take a stand on much of what is shown on TV and done during the time that children watch. I do not usually get involved in public comments like this but I feel very strongly about the whole atmosphere of what was presented in what is supposed to be a family day for a sports minded world. Please continue on the direction of making consequences for not only the MTV but for the performers.
